WORK EXPERIENCE

Florida Department of Elder Affairs

May 2023 – Present

Software Developer

Tallahassee, FL

- Developed, deployed, and maintained internal web applications using HTML, CSS, JavaScript, jQuery, and SharePoint, improving operational efficiency across multiple departments
- Built and maintained .NET (C#) applications to automate data transfer between enterprise systems, leveraging REST APIs for secure, reliable integration
- Utilized AI-assisted tools (GitHub Copilot) to support code review, refactoring, and solution design while validating all outputs against security, performance, and agency standards
- Designed and implemented Power Platform solutions (Power Apps, Power Automate, Dataverse) to modernize legacy workflows and reduce manual processing
- Wrote SQL queries and managed relational data to support application logic and reporting needs
- Collaborated with non-technical stakeholders to gather requirements, troubleshoot issues, and deliver production-ready solutions

Freelance

May 2016 – Present

Web Developer

Remote

- Developed and deployed websites for clients using React, Next.js, TypeScript, and Tailwind CSS, leveraging Vercel and AI-powered UI generation tools (v0) to accelerate prototyping and production deployment
- Managed or upgraded existing sites using various Content Management Systems, including WordPress and Squarespace

TECHNICAL SKILLS

Programming: JavaScript, TypeScript, C#, SQL, HTML, CSS

Backend: .NET Console & MVC, ASP.NET, REST APIs, SQL Server, MySQL

Technologies: React, Bootstrap, Tailwind CSS, jQuery, Azure DevOps, Git, Postman, Power Platform (Power Apps, Power Automate, Dataverse), SharePoint, Vercel

PROJECTS

Enterprise Data Migration Tool: Built a console application to securely migrate data between SmartSheet and LegalServer by implementing API authentication, error handling, and logging. This simultaneously reduced manual data entry and improved data consistency across the board.

Content Automation Tool: Built a React + TypeScript web application that divides long-form text into chunks and generates exportable cards for immediate social media use. Significantly improves efficiency.

EDUCATION

Tallahassee State College

May, 2023

Associate in Arts Degree

Tallahassee, FL
